NIST BMD/IBBR Seminar: Forensic DNA analysis: Challenges and perspectives for casework

**Event Type:** IBBR Seminar Series  
**Contact Person:** Nicole Tenly

**Event Info**

**Date:** Nov 10 2020 - 11:00am to 12:00pm  
**Location:** Auditorium

**Details**

**Speaker/Presenter:** Titia Sijen  
**Speaker Affiliation:** Netherlands Forensic Institute

**Event Description:**
As a research team embedded within a large casework laboratory, we aim to develop methods that advance forensic casework. This can be by providing investigative leads, by increasing evidential value, or by answering novel forensic questions. Examples of innovations and the perspectives for casework will be presented.

**Setup**

**IT Setup:** Video Conferencing (WebEx, Skype, etc)
