Publication Type | Journal Article
Year of Publication | 1994
Authors | Kelman, Z, O'Donnell, M
Journal | Curr Opin Genet Dev
Volume | 4
Issue | 2
Pagination | 185-95
Date Published | 1994 Apr
ISSN | 0959-437X
Keywords | DNA Replication, DNA-Directed DNA Polymerase, Eukaryotic Cells, Humans, Prokaryotic Cells
Abstract | Research into the enzymology of DNA replication has seen a multitude of highly significant advances during the past year, ... limited to viral systems, but over the past few years, enzymology has caught a grip on the cellular origins of yeast.
